Hail to the Chief!

The Reno members of DeWitt Clinton Commandery, K. T., met in Masonic Hall Wednesday morning at 9 o'clock—noon at Washington—and celebrated the ancient custom of drinking to the health of the grand master. Several visiting members were present. In all over twenty Knight Templars tipped their glasses to the toast.

Where to Register Kicks.

H. P. Krall, superintendent of the eighth division of the Railway Mail Service, has addressed a circular letter to each of the newspaper offices in Nevada requesting that "kicks" regarding poor mail service be sent in direct to his office, when they will be thoroughly investigated.

Need for More Room.

It is rumored that the Union passenger depot in Reno is shortly to be extended and made a two story building. The Southern Pacific and Virginia & Truckee companies are doing an augmented business and expect to shortly and their quarters cramped.

Arrangements Progressing.

Arrangements for the Wheelmen's 25th annual ball progress favorably. The decorations of the hall will surpass anything ever attempted in the town before. The floor is in first-class condition, having recently been planed and sand papered.

Short-Lived Freedom.

shortly, the bootblack, is enjoying a brief respite of liberty. He was discharged from the county jail a day or two ago. When the mercury takes another drop shortly will again break into the battle. This is a "skin."

A Heavy Deal.

Senator Flannigan has purchased from H. A. Butters the famous Fish Springs ranch a hundred miles north of Reno. There are several thousand acres in the tract, upon which are 2,500 head of cattle.

A New Advertiser.

George W. Clinton & Co., the assayers and metallurgical chemists, have an ad in The Journal this morning. They are expert assayers and request a share of the public patronage.

A Weather Forecast.

There is every indication that Reno will be visited by a severe storm within the next day or two. The barometer was very low last evening and the clouds had an ominous appearance.

Will Be Put on Ice.

Two hundred and fifty head of beef cattle have been purchased from Zach Pierce to be slaughtered and placed on cold storage here.

Enjoying a Rest.

George Mann, fireman on the V. & T. express, is taking a brief layoff. Ernest Christian is taking his run.

Passion Play This Evening.

The San Jose Mercury has the following criticism to make of the Passion Play that will be produced in the Methodist Church this evening:

"The famous Passion Play, as produced at Oberammergau, was reproduced last evening in the First Unitarian church by one of Edison biographs. The Ladies and Pastor's Union of the First Methodist Church had the exhibition in charge. A very large number of people were in attendance. All the seats in the church were taken and many had to stand. This same biograph has exhibited 200 nights in New York City, 100 nights in Philadelphia, 50 nights in Denver and was at Buffalo during the exposition. Great crowds were attracted nightly to witness each performance. The pictures are very life-like and stand out distinctly upon the canvas.

Those in attendance last evening were pleased beyond expectation. From the opening scene of the beautiful play the closest attention of the audience was held during the entire exhibition. Some of the scenes were very beautiful and touching, they so vividly portrayed the life of Christ.

A quartet sang several beautiful hymns when certain scenes were being thrown upon the canvas. "Must Jesus Bear the Cross Alone," was sung while Christ was bearing the cross on which he was to be nailed to the summit of Calvary. They sang "Rock of Ages" during the scene in which Christ was being crucified. Miss Lulu Pieper sang the beautiful solo, "The Holy City," during the evening.

The exhibition pleased the people so well that the Ladies and Pastor's Union has decided to have it repeated again this evening in the Unitarian Church.

PROSPEROUS OLINGHOUSE

Dispatch Reports of This Flourishing Washoe County Camp.

Assessment work is being done on every claim in camp.

Brooks McClane is taking out some pay ore on the green hill.

Fred Youngblood is down 100 feet on the Huntington and is taking out pay ore all the time.

Jack Sheehan is sinking on the Nugget for placer. He has already struck some good pay ore.

Caruthers & Bryant, who have a lease on the Ferguson mine, are doing development work. They are meeting with encouraging prospects.

Bridges & Sisson have struck a well defined ledge on the Morning Star, about two feet in width. The ore carries small values.

On the Cabin No. 2, owned by Spiro Francovich, Luigi Della Piazza and A. Dondero, the tunnel is now in 600 feet. They are extracting high grade ore.

The Ship Company milled 25 tons of ore from the 165 foot level, taking the entire vein, and the returns show \$12 per ton value. The vein is two feet wide.

Jack Sattler has returned from Old Mexico where he has been employed in putting in a five-stamp mill. He is an old-time Nevada man and thinks this State good enough for him, and Olinghouse in particular.

Benson & Livesley have four men at work on the Jumper. They are putting the mine in shape to put a larger force of men to work taking out pay ore. Considerable development work has already been done on this mine.

All the camp needs is to be worked on larger and more systematic lines. The last year has been a decided improvement in this respect, as the camp has produced enough to the claim owners to put them in shape to work their mines to better advantage.

While W. C. Williams was running a tunnel to strike a ledge on which he had been working he struck a lead which he thinks is between 30 and 40 feet wide and says it will go \$25 a ton. The ore is very similar to other ore found on Cabin No. 1. He certainly has plenty of money in sight in his mine. He is now hauling ore to his mill and the best authorities in the camp claim that he has enough ore in sight to keep the mill running for five years.

At the close of this year prosperity smiles upon Olinghouse Canyon. There are at least twelve mines that will produce pay ore sufficient, since this year's development, to keep all three of the mills in camp running night and day. It is an assured fact, as the ore is in sight, that the camp will produce more gold during the coming year than it has in its past history. The output this year was considerably over \$100,000.

Slight Damage Done by Fire.

Early yesterday afternoon an alarm was rung in from box 42. A quick run was made to the distant fire which proved to be at the Pressed Brick Works at the city limits.

The hose was insufficient to reach from the nearest fire plug and the department wallowed across a field to a ditch containing a couple of inches of water. A stream of air and diluted mud was soon putting a quietus to the blaze. The fire originated from a kiln. A couple of cords of wood were burned and a little damage done to the roof of the engine house.

Saint Nicholas Visits Woodmen.

Washoe Camp, No. 7, Woodmen of the World, gave a very pleasant Christmas tree entertainment in Investment Hall Christmas night. The hall was very prettily decorated with evergreens and Chinese lanterns, while long ropes of oranges and apples draped across the hall in front of the trees, made a very pleasing foreground.

The evening was turned over to the children, and every effort was made to make it an event that they will long remember.

The following program was rendered:

Opening song, by the Camp; recitation, Miss Della Moore; recitation, Master Alton Painter; song, Miss Lorette Hoskins; recitation, Master Roy Albee; recitation, Henry McCormack; song, Miss Silva Smothers.

Each piece was heartily cheered.

The supply of apples, oranges, candy, nuts and popcorn seemed unlimited, for Santa Claus, Washoe Campers are nothing if they are not liberal.

Only the lateness of the hour made the fun cease, and the little ones and their parents reluctantly went home, each thanking Washoe Camp, W. O. W., and Utopia Circle, Women of Woodcraft, for a pleasant, happy time, and wishing that Christmas came more than once a year.

After the program the candles on the trees were lit and Santa Claus, who by the way is under special contract to meet the W. O. W. children every Christmas, appeared on the scene.

The jolly old fellow put in the next hour in stripping the beautifully decorated trees of the load of presents, that seemed almost too heavy for the limbs to hold, while each little heart in the crowded hall thrilled with joy at the profusion of gifts showered upon them.

Mrs. S. Hollis has returned from an extended visit to Salt Lake City, and Sam is as happy as a clam at high tide.

Shops Are Idle.

For some inexplicable reason the shops of the N-C-O have been shut down. It is said that the management will request a subsidy to keep the shops here instead of moving them out into the Madeline desert. Very few people take this suggestion seriously.

Cows of Pure Strain.

S. B. Tetrie and E. Brownlee of Nebraska passed through Reno Wednesday with six carloads of choice dairy cattle from the east. They are consigned for a ranch near Stockton. They are the finest looking milk cows that ever passed through Reno.

Pleased With the Camp.

Spiro Francovich, one of the owners of the Cabin No. 2 mine, M. D. Young, superintendent of the Pyramid mines, and Dr. C. J. Decker, surgeon U. S. Army at San Francisco, visited Olinghouse Canyon several days ago. They were highly pleased with the camp.

Ready to Resume.

The damage to the big turbines of the "Historian Pulp and Paper Company is nearly repaired and work will be resumed in a few days. One portion of the big factory is already running. The idle men are on half pay.

Tonopah Leaser.

Henry Cutting came up from San Francisco last night. He will go on to Tonopah in the morning. Mr. Cutting's lease will expire with the others next week, but he will remain in business in Tonopah.

Would Have Been Done Brown.

It is lucky for the boys of the N. S. U. that the challenge from the Michigan football team arrived too late for acceptance. The Frisco papers believe that Stanford is doomed to a 30 to 0 defeat.

GOOD START, AND SOUND DOCTRINE.

THE Republican proposal to establish a tariff between the United States and the Philippines meets vigorous opposition at the hands of the Democratic members. A bill imposing duties was introduced promptly after the decision of the supreme court, that the Philippines are not foreign territory and the Republican members of the Ways and Means committee as promptly made a favorable report. The Democratic opposition is stated in the minority report which says in part:

"The measure is but another step in the well marked line of imperialism. It is enacting a policy of pure colonialism, and the worst form of that policy. We are opposed to our government attempting to hold territories as colonies and treating the inhabitants thereof as subjects and imposing upon them a government of force. This is the method of the empire instead of the Republic."

That is sound Democratic doctrine. The country must listen to a thorough discussion along these lines before the Philippine question is settled. The report declares that the tariff proposed was in effect prepared by the Secretary of war and that he has exercised more power than most kings. The Dingley tariff is declared to be a trust breeding measure, and the report insists that the trade we are securing in the Philippines is not worth what it cost. It shows that our portion of the island trade last year was but little over \$5,000,000, the profit to the United States amounting to but little over one million, which is but a paltry sum when we consider the other side of the account. This is the economic side of the question. Taking another view of it the Democrats say:

"We do not believe that the people of those islands can be made citizens of our republic without gross injustice to our people and without doing violence and irreparable injury to our institutions; nor can we hold them as subjects without the most radical changes in our form and theory of government, which we are unwilling to see inaugurated."

The bill has passed the house by practically a party vote and the Republican majority in the senate will enable its passage there. But the Democratic protest will be heeded by the country if not by congress. The minority has made a good start, although the caucus resolutions to define the policy of the party were not adopted. A square dissent in this case followed up by honest argument does the party more good, and more clearly defines its policy than any or all of the resolutions that might be framed.

CAN'T COMPREHEND IT.

THE Lovelock Tribune charges The Journal with the same unfairness in its criticism of Ramsay and Benham that the naval clique has displayed in its treatment of Schley. We hardly understand the Tribune article. It admits that there was a conspiracy against Schley and that it was fostered by a clique of naval officers to deprive him of the glory of winning the battle of Santiago. It denounces the clique, but defends its representatives in the court of inquiry. It says that Schley conducted himself throughout the battle with great courage and with credit to himself and the American navy, but is a "weak officer." It makes the astounding declaration that Schley won the battle simply because he could not lose it. It says that it was the sailors that won it and that it would have been won even if there had been no Admiral in command—which by the by—is true, as Schley was at that time only a Commodore. The Tribune does not want to defend Sampson, who, it says, attempted to take the credit of the victory, which inferentially at least belongs to Schley. We say "inferentially," because the Tribune admits that the naval clique conspired to deprive Schley of the honor of the victory and if there was no honor of which to "deprive" the commanding officer, why the conspiracy? We have faithfully endeavored to ascertain what the Tribune was driving at and wherein The Journal has erred, but give it up as a hopeless task.

POINTED POLITICAL PARAGRAPHS.

(From the Commander.)

Publicity for the trusts? Very well, but who will bell the cat?

The only way to improve the ship subsidy bill is to strike out the enacting clause.

Up to date no one has heard any of the "great captains of industry" complaining about the message.

John Bull may eat this Christmas dinner in Pretoria, but he is subject to interruptions between courses.

Even in Pennsylvania it pays to adopt a Democratic platform and then go out and defend Democratic principles.

Secretary Gage says the country needs a larger

volume of money. Is Mr. Gage going to play traitor to "confidence?"

And now they say there is a tobacco combine in the Philippine islands. This ought to make Congressman Hull favor a larger army over there—to protect the combine.

Will some administration organ please answer: Does President Roosevelt favor the ship subsidy bill? Yes or no, now. You have expressed the opinion that the message is "concise, clear and statesmanlike."

Numerous Republican organs commend Senator Hoar's plan to maroon the anarchists and let them run their own island. This is all very well, but what about allowing the people of other islands who are not anarchists to do the same thing?

SENATOR BEN TILLMAN has made it plain to the country that he brought his pitchfork with him at the very opening of this congressional session, with its tines freshly painted, and that he is still skillful in its use.

IT IS to be hoped that those brigands will not put in a counter claim for damages on their complaint that Miss Stone is whiling away her time in an attempt to convert them to Christianity.

NOTICE

In the matter of the paving and im-
proving of a portion of Commercial
Row in the town of Reno.

Whereas there has been filed with the
Clerk of the Board of County Commis-
sioners of Washoe county, acting for
the benefit of the town of Reno, the
Special Assessment Roll for the pay-
ing and improving of a portion of Com-
mercial Row in said town: Therefore,
notice is hereby given that the special
taxes levied for the payment of the
said paving and improvements, is now
due and payable at the office of the
Clerk of the said Board at the Court
House in the town of Reno, Nevada;
and that if the said special taxes are
not paid within thirty days from the
date of this notice, the law in regard
to the collection of the same will be
strictly enforced.

W. A. FOGG,
Clerk of the Board of County Com-
missioners acting for the benefit of
the town of Reno.

W. H. A. PIKE, District Attorney.
Dated at Reno, Nevada, this 4th day

Southern Pacific Plans Improvements.

In the latest issue of the Silver State appears an extended article relative to improvements to be made in the main line of the Southern Pacific road in this State. The line is to be greatly shortened and grades and curves minimized.

One contemplated change will benefit Reno, but injure the county if it is carried out. It will throw a number of miles of track from Washoe into Churchill county.

NOW IS THE TIME

To get in on the ground floor. A limited number of shares in the capital stock of the Hesperian Crude Oil Company will be sold in Reno for one-fourth of par value.

The first well is being sunk, and the chances are almost conclusive of getting oil. This is the first oil well in Nevada. The general manager of the company, A. Lowe, will call upon you in a few days.

The new oil field is located in Elko county, where are found immense beds of shale carrying more or less paraffine oil.

The fossil lime, which is there in large bodies, contains the same fossils of marine life and has the same smell of gas as has the lime that is found in the Pennsylvania oil fields.

MINING IN THIS STATE

Culled News of Nevada's Most Important Industry.

Silver, 54 7-8

The Butters Company has about 25 men employed in grading and other work.

The Lovelock Tribune says there will soon be a revival in the mining industry in Kennedy district.

The new mill of the Montana Limited Mining Company at Edgemont, Elko county, has begun crushing ore.

Liberty is the name of a camp not far from Tonopah, that was once deserted, but renewed mining activity has found \$400 ore and the new location has been bonded to a Colorado company.

The Sentinel learns that a rich strike was made a few days ago by John Blake in one of his claims on the east side of Diamond range, in Newark mining district, White Pine county. The ore is said to carry considerable black metal and a high percentage of gold.—Eureka Sentinel.

The outlook is favorable for a resumption of work in the North Bonanza. The principal owner of the property and an expert are expected to arrive here from San Francisco early next month for the purpose of looking over the situation and may decide to open the incline shaft down to the 100 level, where a large body of low grade ore was exposed before the suspension of work.—Chronicle.

Satan Will Hold His Auction Here.

Manager Chas. H. Yale has secured for his 26th edition of "The Everlasting Devil's Auction" a most clever feature in the engagement of Bush and Gordon, the comedy acrobats.

These artists are not only acrobats of the highest order but are immensely funny besides. They offer a most sensational finish to their act when one of the team ascends to the height of about thirty feet and drops backward turning a number of somersaults to the stage below.
